

4.2 Creating a Helpful Thought

From unclear thought – to meaningful thought

Use the **SMART** structure to build a helpful thought:

	1. Specific What exactly do I want to say to myself?	S
	2. Measurable How will I know it's working?	M
	3. Achievable What can I realistically do?	A
	4. Relevant Why is this important to me?	R
	5. Time-bound By when?	T

My thought:

I will create a reminder:

Thought reminder:

A small thought now =
stronger success later.
