

5.1 Avoidance

What do I avoid? What is the cost of avoidance?

Situations, places, or actions that I avoid:

- 1. _____
- 2. _____
- 3. _____
- 4. _____
- 5. _____

What do I miss out on because of the avoidance?

(in the short term and the long term)

- _____
- _____
- _____
- _____
- _____

What do I gain in the short term from the avoidance?

(How does it reduce discomfort right away?)

- _____
- _____
- _____
- _____
- _____

What do I want to achieve instead of avoiding?

Important reminder:

Avoidance may reduce short-term discomfort, but it usually strengthens the difficulty in the long term.
