

## 4.2 Creating a Helpful Thought

From unclear thought – to meaningful thought

Use the **SMART** structure to build a helpful thought:

### 1. Specific

What exactly do I want to say to myself?

### 2. Measurable

How will I know it's working?

### 3. Achievable

What can I realistically do?

### 4. Relevant

Why is this important to me?

### 5. Time-bound

By when?

My thought:

---

---

---

---

I will create a reminder:

### Thought reminder:

A small thought now =  
stronger success later.
